VARUN REDDY KANDIMALLA

MERN Stack Developer | Full-Stack Developer | AI-Assisted Development

Bengaluru, India | +91-9505763199 | varunreddy0429@gmail.com
LinkedIn: linkedin.com/in/varunreddy-kandimalla45168344a | GitHub: github.com/GIT-VARUN-REDDY

PROFESSIONAL SUMMARY

MERN Stack Developer and B.Tech Electronics and Communication Engineering graduate (2026) who builds scalable full-stack web applications, REST APIs and secure authentication systems using React, Node.js, Express and MongoDB. Built and deployed six full-stack projects spanning education, travel, healthcare and AI, with a strong interest in AI-assisted development using OpenAI and Google Gemini APIs.

TECHNICAL SKILLS

Languages: C, C++, Python, Java, JavaScript
Frontend: HTML, CSS, JavaScript, React.js, Bootstrap
Backend: Node.js, Express.js, REST APIs, JWT Authentication
Databases: MongoDB, MySQL
AI: Prompt Engineering, ChatGPT, OpenAI APIs, Google Gemini API
Mobile: Flutter
Tools: Git, GitHub, Linux CLI, Vercel, Render

PROFESSIONAL EXPERIENCE

Technical Associate Intern | Ample Semiconductors | September 2026 – Present

MERN Stack Developer Intern | EY Global Delivery Services (GDS) | December 2024 – January 2025

- Built full-stack applications using React, Node.js, Express and MongoDB.
- Earned the EY GDS AICTE MERN Stack Certification on completing the program.

PROJECTS

ElectroCirco – Electronics Training Platform | electrocirco.in | Full-Stack Developer | August 2026 – September 2026

- Built a web platform for engineering students with 50+ hardware projects across IoT, Robotics, VLSI and AI, each with bench-verified schematics, embedded firmware and IEEE-standard project reports.
- Added engineering calculators, a circuit and firmware generator and a WhatsApp support desk.

SK Holidays & Events – Travel & Events Website | skholidaysandevents.vercel.app | Freelance Full-Stack Developer

- Developed a website for a Bengaluru travel and events company covering curated holiday packages, destination weddings, corporate offsites and tailor-made trips across India and abroad.

DreamLoom – Personalized AI Storybook Generator (MERN) | dream-loom.vercel.app | Full-Stack Developer

- Built an app that turns 6 to 10 baby photos into a personalised 8-page storybook PDF in minutes.
- Implemented OTP login, instant PDF download and a dashboard for storing generated books.

DocMeet – Healthcare Appointment Platform (MERN) | doc-meet-red.vercel.app | Full-Stack Developer

- Developed doctor search by specialty, hospital or city, a symptom checker that suggests the right specialist, and appointment booking and management.

PPTxplains – AI Presentation Assistant (React, Node.js, Google Gemini) | pp-txplains.vercel.app | Developer

- Built a 12-slide presentation viewer that answers questions about the current slide using Google Gemini, with voice input and spoken answers and no login required.

spider-mind – 3D Task & Goal Tracker (Flutter, Node.js, Express, MongoDB) |
github.com/GIT-VARUN-REDDY/spider-mind | Developer

- Built a Flutter app with a 3D web home screen and a Node.js server, with live sync across devices, offline-first use, reminders and a daily digest.

EDUCATION

B.Tech in Electronics and Communication Engineering (ECE) | Teegala Krishna Reddy Engineering College | Graduated April 2026

CERTIFICATIONS

- EY GDS AICTE MERN Stack Certification
